Note on the state of public health in Mysore during the week ending Saturday the 21st June 1919.

------:P:------

Plague prevailed in the Bangalore, Kolar, Mysore and Shimoga Districts, the total attacks and deaths reported for the week being 15 and 18 respectively. The figures are inclusive of one imported - - case that occurred in the Bangalore City.

2. A total of 272 attacks with 177 deaths from cholera was reported for the week the affected taluks and places being as under:--

Taluk.	Towns.	Villages.
Bangalore.	Bangalore City. (2-2)	3
	Devanhalli. (36-23)	
	Vadigenhalli. (26-21)	
	Sulibele. (1-1)	
	Dodballapur. (1-1)	
Chintamani.	Chintamani. (1-2)	4
Sidlaghatta.	Sidlaghatta. (9-6)	2
Kolar.	Kolar. (3-3)	1
Mulbagal.		1
Chickballapur.	Chickballapur. (39-18)	-
Bowringpet.		4

3. The Bangalore City returned a total mortality of 71 representing an annual ratio of 41.64 as against an average ratio of 39.95 classified according to causes, the deaths numbered 1 under Small-pox, 10 under Dysentery and diarrhoea, 3 under Malaria, 5 under other fevers and 52 under all other causes.

P.T.O.

4. The total mortality for the Mysore City for the week amounted to 36 representing an annual ratio of 26.25 as against the average ratio of 33.48. The causes of death were small-pox 1, Dysentery and diarrhoea 9, Malaria 1, other fevers 2, and all other causes 23.

Off Memo.

1932-60 In Go no 21371-4028 / 101-17-12 25·3·19 Govt issued fresh instructions regarding action to be taken by the Sanit & Med Depts and local bodies and local Offrs in case of outbreaks of epidemic diseases in rural & urban areas. Now the daily reports of cholera received from various Dists however it does not appear that the instructions contained in that order are being followed. Govt therefore ~~wish~~ to draw the concerned attention of all Offrs and of local bodies to the Go. referred to and to direct that in all cases of outbreaks of epidemics the instructions issued therein should be

Offg. Sanitary Commissioner with the
Government of Mysore, Bangalore.

To

C. S. Balasundram Iyer, Esq., B.A.,
Chief Secretary to Government of Mysore,
Bangalore.

Sir,

With reference to the note issued under Government notification No.G.24945/San.85-18-5 dated the 3rd May - 1919, I have the honor to state that in this Office No. G.C.372 dated the 7th February 1919 orders of Government were sought in the matter of prompt intimation of outbreaks by wire of only cases of cholera by the local authorities. But the addendum issued under Government notification No. 24945 San. 85-18-2 dated the 3rd May 1919 directs that intimation of the first appearance of every infectious disease should be given by wire. As this is unnecessary and involves needless expenditure, I request that Government may be moved to amend the rule so as to restrict the telegraphic reports to first cases of cholera.

I have the honor to be,
Sir,
Your most obedient servant.

A.K. Pani
Offg. Sanitary Commissioner.
